D. Parks and Recreation Director

X. NEXT MEETING

Next PRNR Meeting – Monday, Oct. 5 at 7 p.m., City Council Chambers.

XI. ADJOURNMENT

PRNR COMMISSION
PURPOSE STATEMENT
Act in an advisory capacity to the City on matters of leisure services, recreation programming, and
development and use of parks and recreation facilities supported by the general public.
- Enlist the support of organizations and individuals in providing City parks and recreation facilities and
  activities.
- Provide input to staff in the promotion of awareness and use of recreation facilities and activities by
  community organizations and individuals.
- Provide input to staff on park plans including the site development and facility modifications and/or
  improvement program.
- Provide input to staff on park and recreation facility use.
- Provide input to staff on leisure programs and activities.

APPROVED MINUTES

JOINT PARKS, RECREATION AND NATURAL RESOURCES COMMISSION & HERITAGE PRESERVATION COMMISSION MEETING

MONDAY, MAY 4, 2015 7:00 P.M. OUTDOOR CENTER
13765 Staring Lake Parkway

PRNR COMMISSION MEMBERS: Larry Link, Chair; Debra McBride, Vice Chair; Michael Balaen, Donald Jacobson, Leonard Pesheck, Tim Rawerts, Kirk Spresser, and Deborah Tenner

PRNR STUDENT REPS: Riley Tillitt

HP COMMISSION MEMBERS: Steven Olson, Chair; Cindy Evert, Mark Freiberg, Tara Kalar, Pamela Spera, and Paul Thorp

HPC STUDENT REPS: Courtney Sweeney

CITY STAFF: Jay Lotthammer, Parks & Recreation Director; Stu Fox, Parks & Natural Resources Manager; Lori Brink, Recreation Manager; Lori Creamer, Planning Technician; Stan Tekiela, Outdoor Center Supervisor; Jodie Fenske, Recording Secretary

GUEST: Randy Boser, True Friends; Camp Eden Wood

I. ROLL CALL/INTRODUCTIONS

Link called the meeting to order at 7:04 PM. Absent Commission Members were: Michael Balaen, Debra McBride, Tim Rawerts, Cindy Evert, and Pamela Spera. Absent Student Representatives were: Zeinab Hussen, Alexander Modeas, Pratik Baandal, Jacqueline Armstrong, Jennifer Powell

II. APPROVAL OF AGENDA

Motion: Kalar moved, seconded by Spresser, to approve the agenda as presented.

III. APPROVAL OF PRNR MINUTES OF APRIL 6, 2015

Tenner requested to add “would” to the first sentence on page 2.
Motion: Pescheck moved, seconded by Link, to approve the amended April meeting minutes.

IV. APPROVAL OF HERITAGE PRESERVATION COMMISSION MINUTES OF APRIL 20, 2015
Motion: Thorp moved, seconded by Olson, to approve the April meeting minutes.

V. REPORT OF CITY COUNCIL ACTION

VI. REPORT OF PLANNING COMMISSION

Fox reported the Planning Commission issued two approvals in April: 1) To reface and improve Crossroads Center commercial development property which faces Flying Cloud Drive (near Viking Drive and Prairie Center Drive); and 2) To add employee parking lot in former nursery staging area at Eden Prairie Plaza (Salon Concepts).

VII. PETITIONS, REQUESTS AND COMMUNICATION

A. OUTDOOR CENTER UPDATE

Tekiela reported on Outdoor Center building history. He indicated the purpose of the Center is to conduct environmental education programs while maintaining integrity of natural resources. The Master Plan includes the addition of technology; making the Center more welcoming to patrons to visit for an experience not just for classes; more signage. He stated there is an increased interest by schools to visit the Outdoor Center not just as a field trip but as an onsite educational classroom.

Tekiela stated there are no restrictions on Lake at this time. He commented on Staring Lake flood elevation and once it is reached, no wake zone is quickly established. He noted the Lake is currently level, while normally flooded at this time.

B. STARING LAKE CARP STUDY

Tekiela reported in 2011, the U of M, Watershed District, City of Eden Prairie and DNR began a project to remove carp infestation. He stated at that time, estimates were 500 pounds/acre in the lake and are currently down to 130 pounds/acre. They would like to see 100 pounds/acre. He stated carp are “bottom feeders” and don’t let native vegetation take hold which results in poor water clarity due to lack of plants. He stated vegetation density was 0-2 percent in 2014, 10 percent in 2015 and hopefully 30-40 percent in the future. The clearer the water, the more native fish can survive.

Tekiela also reported last winter commercial fishermen performed seining several times to remove approximately 800 carp at a time which were then composted. New options to remove carp may include spawning migration, baited traps, gill netting.

VIII. OLD BUSINESS

X. NEW BUSINESS
A. CAMP EDEN WOOD PLAY STRUCTURE – CERTIFICATE OF APPROPRIATENESS

Lotthammer provided background information on Camp Eden Wood which the City owns and leases to True Friends. With a grant secured through a Hennepin youth sports program and matching funding of $40,000 from C.H. Robinson, the City hopes to assist with construction to replace the current outdated play structure with a new play facility. Lotthammer introduced Randy Boser, COO of True Friends.

Mr. Boser informed the group True Friends is a non-profit organization focused on providing experiences for children and adults with developmental and physical disabilities.

He reported on a plan to develop an accessible play structure/central play environment on several flat and level areas separated by retaining walls and connected by ramps. It was discussed that True Friends recently signed a 20-year lease with the City for Camp Eden Wood and True Friends to make improvements, maintain equipment and obtain insurance. Boser stated True Friends is currently looking for guidance from the City and hopes to obtain approvals over the summer so work can start in September.

Steve Olson of HPC stated the importance of protecting view and resources. The dormitory building and Birch Hall are two historic buildings on the property. The entire site is a Historic District, not just buildings. Olson stated HPC will review the management plan and report back to PRNR Commission.

B. CAMP EDEN WOOD PROPOSED BUILDING ADDITION

Mr. Boser reported on the plan to construct an $800,000-$1,000,000 building made possible by a $500,000 donation. The new building would be located in southwest area of property near the railroad tracks and would replace the current Boulay building which is seasonal and not completely functioning. The current 1,000 square foot footprint would be replaced by building with 2,500 square foot footprint. The proposed building would be a respite center which includes program and play space, a house center, and camper and staff quarters. Boser stated there is no real indoor space currently, other than the dining space.

Mark Freiberg inquired if there is any other option outside the historic district. Boser replied there is not much other level ground and only one small pine tree would be impacted. HPC Commission member Steve Olson indicated a desire to be proactive by outlining items and priorities so True Friends’ resources are not wasted. The intent is to provide feedback by July before plans are drawn which would allow for 120 days for planning, application, etc.
Boser commented True Friends has $75,000 in funding for design and approval and hopes to break ground in 2016 at the earliest.

C. INTERPRETIVE SIGNAGE BUFFING PROJECT – UPDATE

Fox provided background information and reported the Heritage Preservation Commission performed an inventory of interpretive signage provided by a grant and originally installed 12-14 years ago (estimated 25- to 30-year life). Signs provide historical and natural information pertaining to geology, Native Americans, plants, birds, etc. The embossed fiberglass signs with pictures underneath have dried out and become cloudy over time since it was not realized they needed to be waxed each year. Fox was informed after buffing last year, the signs only improved for approximately one week and signs in direct sunlight were more adversely affected.

Fox reported new digitally-produced, one-half inch thick, signage can withstand sun, weather and tolerate vandalism. New signage at Staring Lake and Purgatory Creek installed four years ago still appears new and paint/graffiti is easily removed.

Approximately 20 signs (48 inches by 38 inches) will be needed at scattered locations throughout the parks system at a cost of $3,000 to $3,500 each, including artwork, production and bracket. Fox stated the plan is to stagger the sign purchases and include this cost in future budgets.

D. RILEY LAKE PARK

Creamer reported on a collaborative effort to put to use grants received along with an interpretive sign plan for the entire site. The goal is to reach the most people and provide information of the historic site over the hill. It was determined more signage is needed around the entire park.

1. Walking Path

Currently there is a gravel road from Riley Jacques Barn to Dorenkemper House. The Dorenkemper House has a ramp to enter, but the House is not fully accessible. This summer a walking path will be constructed.

2. Kiosk

A consultant is working with Parks on the construction and maintenance of a 4-sided kiosk that will be sheltered and located near the pavilion in late summer/early fall.

3. Signage

The Interpretive Plan identified additional signage is needed all around the park; ie, on path near lake, on lake, and by fishing dock. Eleven additional signs are
recommended covering land, people and lake information. The consultant has determined a plan for concept, language and design, but nothing further has been done.

4. **Farm Implements Inside Riley Jacques Barn**

   Nicole Minton, staff liaison to the Eden Prairie Historical Society, is researching how to better protect and secure the milk cans, saws, tools, etc. stored on the lower level.

5. **Creative ideas for Dorenkemper House**

   The Dorenkemper House was relocated to its current site as a gift 15 years ago. It was originally thought it could be used for school groups. Through an interpretive plan, it was determined to not be the best use since it is not conducive to large groups, has no restroom and there is not much else for school groups to do in the area during day time hours. The Historical Society had concerns about the artifacts being stored at the house, since there is no climate control. Group discussed the Dorenkemper House would most likely need an addition if it was to be used as a business. The group also discussed possible sale of concessions/ice cream and the need for signage from the beach area.

E. **COMMUNITY GARDENS – 2016**

   Fox provided the background of community garden plots at Pioneer Park, near the Senior Center; and on leased MAC property on Pioneer Trail near the Super America gas station. MAC has informed us that the lease is good for this summer, but that area is a potential building site and may not be available in the future. A new community garden site was offered this year on leased property at the Assembly of God Church on Duck Lake Trail. In 2016, we may want to consider using the land in front of the Dorenkemper House in Riley Lake Park.

F. **2014 ANNUAL REPORT**

   Lotthammer distributed copies of the annual report intended to memorialize and highlight the previous year’s participation, attendance, and trends in program areas.

X. **REPORTS OF STAFF**

A. **RECREATION SERVICES MANAGER**

   Brink reported a good turnout for Arbor Day Walk/Green Fair.

   **FYI:** Arts in the Park on Saturday, May 16, at Purgatory Creek Park

B. **PARKS AND NATURAL RESOURCES MANAGER**
C. **PARKS AND RECREATION DIRECTOR**

FYI: Board and Commissions Banquet, May 13, Garden Room at 6 p.m.

1. Lotthammer reported the grand opening of the new aquatics center is estimated for mid-July once the pool water has been inspected. The new upper fitness area to be open in 10 days and lower level addition (minus the pool) to be open in three weeks.

2. Lotthammer also reported that the second phase of the aquatics project is still scheduled for completion in December 2015.

D. **PLANNING/HERITAGE PRESERVATION**

Creamer reported the month of May is National Historic Preservation Month. The City of Eden Prairie is celebrating by kicking off the inaugural Heritage Preservation Award. Nominations are being accepted through June 30 for the awards which will be given to an outstanding individual, family or business. Nomination criteria will be posted on the City’s website this week. In future years, the plan is to kick off in January and present the award in May.

XI. **NEXT MEETING**

Next PRNR Meeting – Monday, June 1 at 7 p.m., City Center

Next HPC Meeting – Monday, June 15 at 7 p.m., City Center

FYI: Board and Commissions Banquet, May 13 at 6 p.m. in the Garden Room

XII. **ADJOURNMENT:**

Motion: Tenner moved, seconded by Jacobson, to adjourn the meeting. The meeting was adjourned at approximately 9:15 p.m.
UNAPPROVED MINUTES

PARKS, RECREATION AND NATURAL RESOURCES COMMISSION

MONDAY, AUGUST 3, 2015
7:00 P.M. CITY CENTER
8080 Mitchell Road, Council Chambers

PRNR COMMISSION MEMBERS PRESENT: Larry Link, Chair; Donald Jacobson, Leonard Pesheck

PRNR COMMISSION MEMBERS ABSENT: Debra McBride, Vice Chair; Michael Belaen, Kirk Spresser and Deborah Tenner

CITY STAFF PRESENT: Jay Lotthammer, Parks & Recreation Director
Matt Bourne, Parks & Natural Resources Manager
Lori Brink, Recreation Manager
Valerie Verley, Community Center Manager
Jodie Fenske, Recording Secretary

GUEST: Jerry Maas, Southwest Metro Pickleball Club

I. ROLL CALL/INTRODUCTIONS
Chair Larry Link called the meeting to order at 7:00 p.m. Roll call was taken and noted above.

Lotthammer reported the resignation of Commission member Tim Rawerts due to his relocating out of Eden Prairie.

Lotthammer updated the Commission on City Staff changes including the retirement of Stu Fox, Parks and Natural Resources Manager and the promotions of Matt Bourne to Parks and Natural Resources Manager and Valerie Verley to Community Center Manager. Bourne, Verley and Brink provided respective educational and employment background information.

II. APPROVAL OF AGENDA
Jacobson added Item IX.D.3 Flying Red Horse Sign.
Motion: Jacobson moved, seconded by Pesheck, to approve the agenda as amended.

III. APPROVAL OF PRNR MINUTES – MAY 4, 2015
Link stated the May 4, 2015 minutes were not available but would be provided for approval at the September Commission meeting.
IV. REPORT OF CITY COUNCIL ACTION

Lotthammer reported approval was received for updating the Round Lake Baseball Stadium scoreboard with new advertising.

Lotthammer also reported the Council approved RJM Construction to provide construction management services on a volunteer basis for the Miracle League Field. He stated the watershed report is expected within one week, the project is 75% funded and most of the work will be performed this year with completion in spring 2016. He stated RJM Construction has been assigned contracts for the construction of the field.

Approval has been received for bike trail rehab/overlay for five sections throughout the City.

Lotthammer stated several donations were also approved.

V. REPORT OF PLANNING COMMISSION

Bourne reported the Commission can expect a report at the next meeting regarding the Park Zoning Ordinance.

VI. PETITIONS, REQUESTS AND COMMUNICATION

A. PICKLEBALL UPDATE BY SOUTHWEST METRO PICKLEBALL CLUB

Lotthammer introduced Eden Prairie resident Jerry Maas as an advocate of pickleball and a representative of the Southwest Metro Pickleball Club. Maas thanked the Commission for its continued support of pickleball and providing courts in Eden Prairie. Maas noted the courts at Riley Lake and Pioneer Park are in need of crack repair. He also noted that SWMPC sees an advantage to having a centrally located 14-court pickleball facility in the City.

VII. OLD BUSINESS

A. CEDAR HILLS PARK UPDATE

Lotthammer reported the project is on hold for the watershed report which is expected within two weeks. Once the study is received, plans for flood plain elevation can be determined.

VIII. NEW BUSINESS

IX. REPORTS OF STAFF
A. PARKS AND NATURAL RESOURCES MANAGER

1. **Park Projects Update.** Bourne reported the Miracle League Field project is underway with RJM donating time for construction management services. He stated we are currently waiting for the watershed district to review the plan and make recommendations.

The permanent pickleball courts, as well as the reconstructed tennis courts and basketball court, at Franlo Park opened on July 10, 2015.

Bourne also reported on a plan to redo the plaza behind Field 8 at Miller Park by adding storage and making the area more appealing and safe.

The trail rehab bid has been accepted and approved by the City Council for overlay of five sections throughout the City. Bourne reported the work will be completed in the next week.

B. RECREATION SERVICES MANAGER

1. **Fall Brochure.** Brink reported the fall brochure will be distributed to residents in the next week and registration will open on August 12, 2015.

FYI: **Movies in the Park.** Brink stated the summer concerts continue to be popular and the movies will begin in August on the new screen purchased last year at Staring Lake Park.

FYI: **Senior Golf Classic.** Brink reported on the event being held on August 12, 2015 at Dahlgreen Golf Course.

C. COMMUNITY CENTER MANAGER

1. **Aquatics Grand Opening Overview.** Verley reported the event was well attended with standing room only. Community Center staff provided tours and positive feedback has been received.

2. **Fitness in the Parks Update.** Verley reported the free classes provided this year for the first time have been well attended and it was nice to see people of all ages coming together. Zumba classes were the most popular and included youth from the summer camps. She anticipates the successful program will continue next summer.

D. PARKS AND RECREATION DIRECTOR

1. **2016-2017 Budget Overview.** Lotthammer reported the Department is in mid-budget season and will be able to provide a more accurate picture in September. Once assessment values are provided, the Council will be able to set the levy with final approval expected in December.
Lotthammer further explained Department expenses come from the General Fund section of the budget.

He also explained the expenses incurred at Community Center are offset by greater revenue generated by increased and upgraded memberships. Projections indicate a little better than breakeven, matching the historically 90% cost recovery. Lotthammer expects not much tax impact in 2016-17.

2. **2015 PRNR Work Plan.** Lotthammer forecasts receipt of the Master Plan for the Outdoor Center, updated Facility Use policies and an update on Cedar Hills Park watershed study. He also anticipates a Master Plan completed for Riley Lake Park in October or November.

3. **Flying Red Horse Sign.** Lotthammer stated the City has obtained possession of the sign and, with a possible grant, will be in a better position to place the sign in one of the parks. The sign is currently stored and protected at the maintenance facility.

X. **NEXT MEETING**

Next PRNR Meeting – Monday, Sept 14 at 7 p.m., Park Maintenance Building.

XI. **ADJOURNMENT**

**Motion:** Jacobson moved, seconded by Pesheck, to adjourn the meeting. The meeting adjourned at 8:30 p.m.
