

January 21, 2010

Valued Community Center Members,

2010 has started with a bang for the Community Center as members ramp up their fitness regimens and members of our community utilize our wonderful facility for hockey games and tournaments, skating and swimming lessons, and special events in our highly sought after meeting spaces.

We're grateful that the Community Center has become such a popular venue, and with that success comes times when parking becomes limited. We understand that it can be frustrating for our members when they have no place to park for their routine activities.

So we are alerting you to events that occur throughout the year and have the potential to create parking issues so you can plan your schedules accordingly.

There are approximately nine evenings or weekend days this year with events that will affect parking in 2010. These events include *Afternoon with the Bunny* in April, *Schooner Days* in June, *Spooky Saturday* in October and hockey games throughout the season. We will be sure to post the specific dates in advance for your convenience.

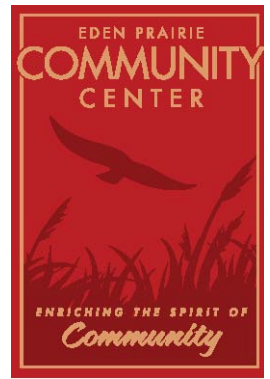

In addition, during these high-volume periods we will now offer **additional parking in the back lot near the high school**. Patrons who use this lot will also be able to access the facility's back entrance. **There will be signs posted directing you to this lot when it is open.**

Thank you for your continued support of the Community Center as we continue to grow. We appreciate your patience and hope you join us in celebrating the high level of use this community facility is experiencing.

Sincerely,

Wendy Sevenich

Community Center Manager
