WORLD RELIGIONS

Community Education and the Eden Prairie Human Rights & Diversity Commission are co-sponsoring three guided tours to congregations representing our religiously diverse community. Each of the tours will culminate with a hospitality time with a light beverage and snack including a time for questions. These faith leaders have been asked to answer questions about their faith traditions and the answers will be published in the *Eden Prairie News*.

These events will culminate with the All City Third Annual Interfaith Thanksgiving service in November.
